## W.I. CONVENTION HELD IN STRATHMORE

The Convention of the Gleichen constituency was held Thursday last, and while the attendance was smaller than usual some very excellent reports and papers were given.

The President, Mrs. Snider, presided with Mrs. Robertson as Secretary.

The Langdon W.I. was in charge and a warm welcome was extended by Mrs. Buntain.

Six Institutes were represented, Langdon, Lyalta, Berry Vale, Nightingale, Cluny and Queenstown. Reports were given as follows: Nightingale—Mrs. H. S. Harriman, Berry Vale—Mrs. P. D. Sarsons; Langdon—Mrs. F. Blue; Cluny—Mrs. Somerville; Queenstown—Mrs. J. Jeffers.

Interesting papers were delivered by Mrs. Barney Hughes of Berry Vale on

Agriculture and Canadian industry, and on Legislation for Women and Nationalization by Mrs. Albertson of Langdon Social Welfare by Mrs. Jeffers of Queenstown. Mrs. Blue also gave a very interesting eulogistic account of the Langdon Girls Club and hoped to hear of more Girls Clubs being formed.

A large and beautiful display of handicraft and fancy work was shown.

The judges were Miss McIntyre of Calgary, Mrs. Garrett, Mrs. Maggs with Mrs. Watson of Langdon assisting Mrs. Whitney of Langdon, was door treasurer.

A delicious luncheon was served by the Strathmore W.A. of the Canadian Legion and many expressed their enjoyment of the well cooked meal.

The afternoon session opened at 2:00 Mrs. Kimmert read the Handicraft report.

In the absence of Mr. Spence Hughes, the address of welcome was given by Mr. C. Patrick, Mrs. G. Thurston responding. Mrs. H. Paine of Lyalta gave a short impromptu report on this new Institute. Mrs. Hutchinson, "District Convenor" addressed us and stressed how much more we were donating to other organizations than to our own and that she thought our duty lay with our own organization first. She as well as Mrs. Gravett asked the Secretaries to send in full.

(Continued on Page five)

## REV. FORD WINS B. D.

Word was received on Monday by Rev. D. A. Ford that he had been successful in his recent examinations for the Bachelor of Divinity degree. The exams were taken after months of intensive study and preparation.

Submitted to the college at which he studied in Victoria, Mr. Ford was advised that he is the first candidate awarded this degree from this college in some twelve years.

## CYCLE CROSS WEST

Two Vancouver boys and their bicycles piled high with sleeping bags, cooking utensils and pack sacks arrived in Calgary Friday, June 20, in Strathmore June 23, midway point in a cycling venture from the West Coast city to towns near Winnipeg.

Terry Zawaski 15, and Dick Fines 16, left their homes June 3 to cycle to Gimli and Lunder. Actual travelling time to Calgary was 12 days over an all Canadian route. They sleep out cook their own meals and stop long enough to see the points of interest. It has not been a cheap trip however, and the boys planned to work for a few days in Calgary to get money for the remainder of the trip. They have had considerable trouble, which they blame on poor quality inner tubes. The boys husky calculate that the trip should take 25 days.

Both have relatives on the prairie and plan to stay with them while attending school there.

## BRIDAL SHOWER

Mrs. Struble, Mrs. Koschowski, Mrs. Charlie and Mrs. Andy Scott, Mrs. Jack Harrell and Mrs. Hughie Simpson were joint hostesses at a large and happy miscellaneous shower Friday in honor of Mrs. Neil Weaver. A happy social hour was followed by choice refreshments after which Mrs. Koschowski on behalf of the many guests expressed happy felicitations to the bride and groom and presented Mrs. Weaver with a large, varied and lovely lot of gifts. The bride warmly thanked all for the good wishes and gifts. For She's a Jolly Good Fellow completed a happy evening. About 100 guests were present.

Mrs. Elykroni of Calgary is the guest of her sister-in-law, Mrs. North for several days.

## TOWN COUNCIL

Members of the Town Council spent an exceedingly long time in the Council Chambers on Wednesday evening, when a court of Revision was held previous to the meeting.

Two appeals were heard against assessments made by V. D. Milner to defend them. In both cases, it was agreed that the assessment should stand for this year, since the whole town will be due for a re-assessment next year.

The former mill rate of 60 mills was rescinded, and a new rate of 44 mills was established. This is made up of 21 mills for general purposes, and 23 for school taxes.

A by-law amending the parking regulations was passed, limiting parking on Main Street to vehicles not more than 205' overall. This does not prohibit loading or unloading of longer vehicles, but only their parking, and consequent obstructing of traffic.

Following an offer for a quantity of pipe not now being used by the Town, the Town Property committee was instructed to deal with the buyer.

An option was granted Mr. Donovan on three sites where he might move his building, the option to be taken up before the weekend. Plans of the proposed remodelling were submitted. The report of the Town Policeman was received and discussed. An un- welcome increase in roadiness was noted, and discussion followed as to possibility of checking it.

Accounts to the amount of \$700 were passed.

## BERRY VALE W'

by Mrs. G. H.

The Berry Vale W. I. was held at the home of Mrs. Gordon Kearns, June 25. Roll call was Vincent Events and a Question Box.

It was decided to have a Community Weiner Roast July 3, at Fred Hiltons.

Since Myrtle Morton is unable to attend Olds this year another draw was made and Ruth Way was chosen. Good luck, Ruth.

A discussion was based on the Conference held in Strathmore June 26, most of the day, such as what could be handled in, etc.

A newsletter from Miss Norma Jean Hogg was read by Mrs. George Hilton, and found very interesting. It was on "How to Arrange Flowers to Obtain all their Beauty."

The Berryvale W.I. is invited to join the Nightingale W.I. for their picnic this year, and wishes to thank them, for their kind thoughts.

Next meeting will be held at Mrs. Helen Bazant's, July 16th.

Roll call will be "Stampeede Days There will be a Darnine Contest and a Nickle Sale.

A delicious lunch was served by the hostesses, assisted by Mrs. Morton, Rosemary Hilton and Ruth Way.

## BEISEKER WINS BASEBALL TOURNAMENT

## STRATHMORE SPORTS VERY SUCCESSFUL

Every thing was conducive to a good sports day on the First of July, when the Lions Club of Strathmore held their annual ball tournament and sports meet. The weather was perfect, there was a large crowd, and good ball was played through the day.

The first game was between Strathmore and Nightingale, when Strathmore took the honors. Rockyford lost out to Beiseker in the second, and following the children's sports, the two winners played, and Beiseker took the lead by a score of 8-7, and won the tournament for the day and the purse.

A feature of the afternoon highly enjoyed by spectators on the grounds was the aeroplane stunting by Lionel Coulter, of Strathmore. Mr. Coulter's aerobatics provided an interlude of more than half an hour during which he executed many intricate and difficult stunts in the air, gradually getting more difficult and gradually bringing his plane closer to the field.

The children's sports in the interval between ball games were highly exciting, and under management of Messrs. George Palardy, Bud Tench and Charlie Scott, were kept running at a high pitch.

Games of skill and chance and refreshment booths on the grounds provided welcome breaks for many patrons, and were kept busy through a great deal of the afternoon.

The dance at night proved the finishing touch to the day's entertainment and was very well attended.

Draws were made at the dance for the Pot o' Gold, which was won by Art Sangster of Rockyford, who secured exactly the figures in the pot, \$96.72, and the bicycle, which was won by Mrs. H. H. of Nightingale.

## ROCKYFORD NOTES

Mrs. Sherman Browns has been ill in the General Hospital suffering from infected tooth.

Mrs. and Mrs. W. B. Horton and Shirley are leaving on Tuesday for a week vacation at Banff.

Mr. Al Miller is receiving medical attention in Calgary making a change in his diet.

The Ladies Aid held a very lovely tea at the Hall on Saturday in Rockyford. Bouquets of flowers were on each table and a lovely lunch was served. The ladies are well pleased with the results both financially and socially.

Mrs. and Mrs. Joe McBeth are leaving by train on Tuesday to visit Mrs. McBeth's brother in B.C.

Nightingale trimmed the local boys on Sunday playing ball, score 7-3. The farmers should be cheerful these days because its rain.

## CROP CONDITIONS

According to the provincial government's crop report for the period ending on the 25th of June, crop conditions in the Bow Valley area are fairly good. Soil moisture conditions. Crop District 6. Soil moisture conditions are good and crops are good to excellent. Losses from frost range from 1-4% and crops are delayed about a week. Wheat is 7 inches high, oats 8 inches and barley 5 inches. 20% of the wheat is now in the sheaf. Work on summer-fallow is general with 25% having received the first operation. Live stock are in good condition, gardens are good and honey crop outlook is fair. Warm weather is needed to bring the crops along. Rainfall in the Strathmore area for the same two weeks amounted to 1.16 inches as compared with a normal of 1.52 inches, while in Gleichen there was

## POOL OPENED FIRST OF JULY

With Mr. Reg. Smallwood, of Calgary, in charge of the swimming pool for this season, the pool was opened on Tuesday, July 1st, and provided a grand spot for many of the youngsters to get rid of their surplus heat during the sports program of the day.

Mr. Smallwood, who was secured by the swimming pool committee, Messrs. R. J. Milligan, Keith Baldwin and S. H. Crowther, after consultation with D.V.A. in Calgary, comes excellently recommended for the job. He holds the Y.M.C.A. Life Saving award, which is of high standard, and has taught swimming for some years. In addition, Mr. Smallwood plans to make a career of this sort of work so that he has a continuing interest in the work; it is not just a summer-time fill-in job.

Mr. Smallwood, who served for some time in the armed forces, arrived in town to take over his job on Monday.

Hours of operation of the pool, and whether or not classes in swimming will be arranged have not yet been announced.

## VARSITY PLAYERS PRESENT THREE PLAYS

The University Provincial Players presented three plays here Wednesday evening, which were specially selected and directed by Robert Orshard, professor of drama, department of fine arts, University of Alberta.

The Provincial Players were sponsored in Strathmore by the Canadian Legion.

The three plays were "Pierre Patelin", a colorful 14th century farce in three acts, translated from the original French; "Johnny Dunn" an Alberta play written by Robert Gard fascinating story teller of Alberta folklore and "The Happiest Man in the World," a one-act drama quite gripping in intensity and stark drama.

There are six players and in addition to their acting they have practical assignments necessary to the general success of the productions, such as cook, carpenter, makeup, bus drive, etc. etc.

The plays last night were excellently acted, the make-up was also excellent and stage furnishings were true to the type of Play being produced. Some of the actors had exceedingly heavy roles and there seemed to be no lapse in memory.

The University Players provided a very interesting evening.

.80 inches, where the normal runs to 1.16. Overall rainfall since April 1 for Strathmore amounts to 2.72 as against a normal of 5.11, and in Gleichen amounts to 3.85 compared with a normal of 4.48. Since that report, the heavy rainfalls of the past ten days will have added a couple of inches to both areas.

## FAIRPLAY

Mr. Jim Garlick was recently pleasantly entertained at his home when a number of his old neighbors from Fairplay called with a birthday cake and all that goes with it to make up a delicious dinner. It also being Mrs. R. Walkers birthday she was honored with a cake as well, a jolly day was spent by all present.

Mr. and Mrs. Chester Oxtoby, Mr. and Mrs. Arthur Oxtoby and Mr. Toby Oxtoby, all of Innisfail were visitors last week at the home of their Aunt, Mrs. Pearl Peterson.

Mr. and Mrs. Buntain recently had their guests over Sunday Mr. and Mrs. P. Webb of the district.

Several women of the district attended the Womens Institute Convention in Strathmore on Thursday, all agreed it was a very enjoyable and profitable day.

Guests at the E. L. Albertson home included Mrs. Albertson's mother, also Charlie Rinker of Sheridan Wyoming and Mr. and Mrs. W. R. Silikstone of Calgary.

Miss Mavis Anderson is spending the weekend at the home of her parents, Mr. and Mrs. Carl Anderson. Mrs. K. L. Albertson was able to return to the district on Tuesday after spending seven weeks in Calgary receiving Medical attention.

## FARMING NEWS

Produced by the Alberta Department of Agriculture

### MANY FIELDS DAMAGED BY WATER EROSION

Water erosion control is just as important as wind erosion control in many parts of Alberta, where sloping fields are predominant. Great strides have been made in wind erosion control during the past ten years but water erosion still washes away surface soil and cuts gullies in fields. The net results are loss of valuable top soil and inconvenience in field operations. Inconveniences include inability to cross over draws, bogging down of machinery in low wet places, delays in seeding and delays in harvesting.

There are three fundamental methods of preventing water erosion: (1) keeping the soil covered with crops or plant residue such as stubble (2) preventing water from accumulating into streams (3) seeding down drainageways to grass. It may be necessary to keep excessively steep lands in grass while every effort should be made to preserve trash covers on any fallows located on sloping fields.

Water can be prevented from accumulating into streams by contour dyking, contour farming or a combination of both. Drainageways that usually carry a considerable volume of runoff water should be seeded to grass.

Successful progress in the control of water erosion has been made at the Pincher Creek Substation. A field of 200 acres has been farmed on contour for the past six years with very satisfactory results. Three years ago a draw about half a mile long on another part of the farm was seeded to brome grass. Profitable crops of both hay and seed have been grown on the grassed drainageway.

It is predicted that more attention will be given to water erosion control on many farms in the immediate future.

### CHOOSE SITES FOR SHELTERBELTS CAREFULLY

An extreme illustration of the importance of site as far as tree growth is concerned is an oasis in a desert. In this the importance of moisture is forcibly manifested. The same may be said of depressions in otherwise level or slightly rolling land, says John Walker, Superintendent, Forest Nursery Station, Indian Head, Sask. In a number of plantations established at the Forest Nursery Station, Indian Head, about 40 years ago, trees in slight hollows are much taller than trees growing in the highest levels of land. Extremely low areas which do not drain readily, and where alkali may have accumulated, are not, as a rule, suitable sites for trees.

Evidence of better growth of trees on a northern slope as compared with a southern slope is not hard to find. One needs only to examine prairie river valleys to find convincing proof that sites on northern slopes are capable of supporting vigorous tree growth. On a northern slope soil retains moisture longer, new growth is

not stimulated too early in spring, and the sun's effect on trunks, roots, and soil during the hot summer months is much less pronounced. These circumstances individually and collectively aid tree growth.

For trees alkali spots must be avoided. Alkali areas may be detected by the development and type of natural vegetation found on them. The presence of alkali may also be revealed by the textures, color, and "crusting" of the soil. Few shelterbelt trees will withstand alkali for any length of time although certain shrubs like Buffalo Berry, Prinsepia Cherry, Wolf Willow and Tamarix seem to thrive reasonably well in soils which may be definitely classed as alkaline.

### CHRISTIAN SCIENCE

"God" will be the subject expounded in the Lesson-Sermon at Christian Science churches on Sunday. Following are significant passages which will be read: "And he said unto her, Daughter, thy faith hath made thee whole; go in peace, and be whole of thy plague." (Mark 5:34). "He that touches the hem of Christ's robe and useth a his mortal belief, animality and hate, rejoices in the proof of healing. — In a sweet and certain sense that God is Love." (Science and Health with keys to the Scriptures, by Mary Baker Eddy, p. 569)

A Want Ad in the Standard will dispose of that article for which you have no further use.

## Under The Street Lamp

by PAT O'HOOLEY

J. S. Birdsall, visiting at the Milligan house after the Field Day last Friday, found that there were three wild children in the family. The latter made so much noise that Mr. Birdsall found it difficult to hear a word that was said.

Don was busy ripping the upholstery out of a brand new divan. Cam was driving nails into an expensive table, while Jack was swinging gaily from a chandelier.

The bewildered guest eyed the youngster who was driving nails into the furniture. He turned to Bob.

"I say," he said, pointing to Cam with the hammer, "don't you find it rather expensive to let your children play like that?"

Bob smiled proudly.

"Not at all," he replied cheerfully. "I get the nails wholesale."

Ever heard of the time Butch Bonitz went crazy . . . trying to take an inventory in his rabbit store?

Mrs. Polley: "What colors would you use to paint a picture of a storm at sea?"

Irvine Korek (on the last day of school): "The wind blew, and the waves rose."

Want some article that is scarce? Try the Classifieds.

An unprejudiced person, Syd Coldwell says, is one who listens with an open mind to something he knows is sheer nonsense.

Mrs. Isard: "I always feel better after a good cry."

Mrs. May: "So do I. It sort of gets things out of my system."

Mrs. Isard: "No, it doesn't get anything out of my system, but it does get things out of my husband."

An English writer says that "you can't tell whale meat from beefsteak when properly fried." When you are as fried as that, of course, declares Bill Woodliffe, your host stops serving champagne and substitutes ginger ale with a slug of cheap rye in it.

"Ah," said the customs officer, finding a bottle of Scotch whiskey, "thought you said said there were only clothes in that trunk."

"Aye," replied Bob Gray, "that's my night-cap."

Charlie Bennett: "That man was shot by his wife at close range."

Verne Kreuger: "Oh, were there powder marks on him?"

Charlie Bennett: "Yes, that's why she shot him."

### RAISE COYOTE BOUNTY.

Bounties on coyotes have been raised to \$5.00 between May and September 30, 1947, and \$3.00 between October 1 and March 31, 1948. It was announced recently by N. E. Tanner, Minister of Lands and Mines. This rate applies to males and females, adult or pup.

### USED TO CALL 'EM

Henry Viney, sports broadcaster for radio station C.F.C.N., used to umpire football contests when he was working at a radio station in Lettbridge. Hank has now forsaken football umpiring for baseball.

## RURAL GLEICHEN

Thursday afternoon the U.F.W.A. held their regular meeting at the home of Mrs. Burnelle McKeever. It was decided not to hold the meeting scheduled for July 10, as many would be away to the Stampede. Tentative plans were made for the annual picnic to be held later. Mrs. E. Etheridge read a very interesting paper of her trip to the States last year.

A delicious lunch was served by Mrs. E. Etheridge and Mrs. E. Walker.

The next meeting will be held at the home of Mrs. E. Walker July 24.

Mr. and Mrs. Leroy Koeford, Gwendolyn and Ann, and their house guest Miss M. Cook of Penn. left the first of the week for ten days at Banff.

Mrs. Andy Miljour (nee Lilly Carreck) and two boys of Manitoba are visiting relatives in Gleichen.

Mr. and Mrs. Umbrite are spending a few days at Banff.

Mr. and Mrs. R. D. Oliver left the first of the week for a three weeks visit with relatives at Great Falls, Pocatello, Salt Lake, and Vancouver.

Mr. and Mrs. J. Wilson and Mr. and Mrs. T. C. Brown left Sunday morning for a trip through the States to Vancouver.

Dr. and Mrs. A. E. Wilson returned Sunday morning from a week in Winnipeg. They will visit with his parents, Mr. and Mrs. A. F. Wilson for several days.

### ARGENTINE ASKS \$5.00 FOR WHEAT

Argentina asked South Africa \$5.00 a bushel for her wheat, but was refused. It was reported in Broomhall's special despatch to the Free Press on Saturday.

## Safety In Swimming

Results of a swimming survey conducted by the Canadian Red Cross indicate clearly how deficient we are as a people in safety in the water. Fewer than forty per cent of the people can swim at all, and less than ten per cent can swim safely for themselves.

That this is so is a shame from a health point of view, since swimming is the unanimous choice of doctors, colleges port directors, physical educationists and others, as the form of recreation that contributes more to every stage of mental and physical progression, and development than any other sport or recreation yet known to man.

Apparently this is mainly so because of the shortage of qualified instructors in swimming and life-saving. There are many fine pools across the country, but few of them have a definite programme of instruction.

And a programme of instruction is necessary. In the case of the fully widely accepted method of teaching youngsters to swim by pushing them off a raft, and letting them swim or sink.

## It Can Happen Here!

"Water erosion in our dry country can't be a serious problem". This "It can't happen here" type of wishful thinking has resulted in a long line of regrets throughout the world. In many instances a little effort to prevent would have saved an enormous amount of effort to cure and in many cases the cure is not 100 per cent.

Considerable publicity has appeared in the press about the evil effects of water erosion in the United States and other parts of the world. True it is that water erosion has caused greatest damage where rainfall is decidedly greater than in any part of Southern Alberta. However, it only takes one heavy downpour or spring runoff to cut a gully several feet deep in a field.

There is more evidence of water erosion this spring than for several years. A record snowfall was received in the past winter and very little was removed by Chinook winds during the winter. Consequently there

water is a foreign element to man. His skill in swimming is not something that comes naturally to him. As contrasted with young birds which are often pushed from the nest if they refuse to fly for themselves, most young animals whose natural habitat is in water, are taught to swim while first riding on their mother's back. Even seals come in this class.

It is welcome news, therefore, that the swimming supervisor who will care for the Lions Pool this summer is a competent lifesaver and instructor. It is to be hoped that definite classes and times will be arranged for teaching swimming, safely, to the many youngsters of this community who cannot look after themselves in the water. We are sure that Mr. Smallwood will have the unqualified support of parents in a measure of this sort, and will provide, in teaching swimming to children, as great a contribution as the pool itself provided.

Swimming, safely, in a modern pool, is a far cry from paddling dangerously in the irrigation ditches.

was a very heavy runoff this spring which caused serious soil erosion on many fields.

Water erosion can be prevented easily on most fields. Drainageways, that sometimes carry a heavy runoff, should be seeded to brome or crested wheatgrass seeded across the draw not parallel with it. In some cases water can be diverted from draws by contour dykes. These dykes can be constructed in a cultivated field and the usual field work of seeding and cultivating carried on over them. Fields with long wide slopes are ideal for contour farming. A good trash cover always furnishes protection.

These methods mean money, and they mean work. But the returns paid in the saving of a farmer's topsoil cannot be estimated. When this shallow layer of good soil is gone, there is nothing left for the farmer, but to move on, as did so many in the Saskatchewan dustbowl.

## Is Conscription the Answer?

Much interest will be aroused in Canada over President Truman's suggestion of universal military training for youth of 18 years. Such a move on the part of our neighbour would almost inevitably lead to arguments about and, in this country, as well as considerable agitation on both sides.

In commenting on this step, the Financial Post suggests that the idea of the whole youth of the nation being required to devote a period to the nation's service has very wide appeal.

This is quite true. There are many who believe a period of military exercise, military discipline, and military education will deliver back to society a whole generation built up in health, in respect for law, in capacity to defend their country, and in clarity of purpose to why they should do so. Many also believe that such a step would help to solve our serious employment problems.

On the other hand, many will be far from convinced, and will point to the inevitability of moral degeneration of

## CARSELAND

Mr. and Mrs. M. Miller and family of Legal, accompanied by Mrs. D. Pickle of Edmonton spent the week end with their father, Mr. W. Cote.

Miss Florence White of Medicine Hat was visiting with her sister and brother-in-law, Mr. and Mrs. L. Torgerson.

Mr. Bobby Field of Calgary spent the weekend in his old home town.

Miss Sanders and Miss McTavish left Saturday on their two month holidays, part of which will be spent at Vancouver.

Mr. Slencoe and family will spend part of their holidays at Hussar with his parents before he leaves for Edmonton to attend summer school.

A farewell party for Mr. and Mrs. John Penner and family was held in the hall Saturday night. John is leaving to take up residence in Coaldale. Although the rainy weather cut down the attendance more than a 100 people turned out to give Mr. and Mrs. Penner a rousing send off. A local orchestra supplied dance music until twelve o'clock when Benny McKinnon presented the guest of honor with a beautiful tri-light. Following the reply by Mr. and Mrs. Penner, the party adjourned to the dining room for a delicious lunch.

Mrs. I. E. Stinson accompanied by her grandson, Carter McNeil, spent the weekend at Carseland.

Mr. and Mrs. Bill Greenwood left Sunday to spend two weeks holidays with Mrs. Greenwood's parents, Mr. and Mrs. Moore of Lacombe.

A farewell tea for Mrs. M. Gehrke was held in the Carseland United Church Thursday, June 26, with about 40 ladies in attendance. Mrs. Gehrke was presented with a purse on behalf of the Carseland Community by Mrs. George Mace. A delightful lunch was served by the ladies. Mrs. Gehrke and Glen and Shirley plan to move to Tacoma Washington, next Thursday.

Mr. and Mrs. G. Lennox spent the weekend with his mother, Mrs. S. C. Lennox Sr.

Mr. Bill Bergquist and Les and Mr. and Mrs. A. Bergquist left Monday for a trip that will take them to Assiniboine, Saskatchewan to visit with Mr. W. Bergquist's brother before proceeding to South Dakota to visit other relatives and through the States to Vancouver B.C. via Yellowstone Park.

Mrs. G. Moss of Birch Island B.C. spent the weekend with Mr. and Mrs. E. Stinson.

Roy Eklily is not the only hockey player on the Gas Company entry in the senior circuit. In fact the team boasts two players that have performed on the Allan Cup champion Stampedeers from Calgary in 1946. The two are Ken (Red) Hunter and Bob Brownridge. Bill Tag now is also another puckster with Cheyenne.

Brownridge, who plays senior baseball in Calgary while serving with the R.C.A.F., hit three safeties in four trips to the plate in a recent contest. Two of the hits were of a convincing variety, one a three-bagger and the other a double.

Wise readers advertise and sell unnecessary articles through Standard!

boys so young, and the unlikelihood of any improvement in the national defence being produced.

## WOULD END MID-WEEK HOLIDAYS

July 1 was celebrated on June 30 by the industrial workers in Brampton this year. In this bustling town 20 miles west of Toronto, employers and employees in industry got together and decided against the mid-week holiday. Instead, they worked as usual on Canada's birthday but took a long week end from Friday night through till Tuesday morning.

Brampton industrialists and their employees favor all public holidays on either Friday or Monday; in other words, at the beginning or the end of their customary five-day week.

"They are right," says The Financial Post editorially. "It is to be hoped that the plan they have inaugurated this year will spread throughout the country and to retail business, as well as industry. As The Post pointed out recently, when holidays come in mid-week, as July 1 does this year, there is minimum benefit and maximum confusion."

## STOBART

Mr. and Mrs. L. Cook visited the latter's parents Mr. and Mrs. Kalma-koff for a few days last week.

Miss Corrine Doyle spent the week-end with Mrs. Lilja.

Miss Jean McBean, who is now employed in the Hudson's Bay in Calgary was home for the long weekend.

Don Foster spent a week holidaying with his cousin Jack at Eckville, Jack coming back with him by motorcycle to spend a few days at Stobart.

Ellie Jensen visited with her parents Mr. and Mrs. N. Jensen Sunday.

Mr. Bert James was a visitor at the Cook home this week. We are sorry to learn that Mr. James Sr. is not so well. He accompanied Bert back to Calgary where he will undergo medical treatment.

Mr. and Mrs. George Desjardines, Mr. and Mrs. Charles Thompson and Mrs. Shurbuck were Carbon visitors on Sunday.

Mr. and Mrs. David Desjardines and family visited at the home of George Desjardines on Sunday.

Mrs. A. Blais spent the day at Mrs. Loretta Voermans on Monday while Mr. Blais helped Mr. Joe Voerman with his new garage. Will it be housing a new car soon Joe?

Classified ads are many things to many people. They are buyers for some and sellers for others. They do big jobs for small costs.

## CHANCELLOR NOTES

Miss Betty Angel left on Sunday for her home in Sundre. We are sorry to lose her.

Mr. and Mrs. Chas. Christensen are the proud parents of another son.

Mr. and Mrs. C. V. Madsen and family were callers on Mrs. C. L. Jorgensen on Sunday, the rain stopped many more friends from congratulating Mamie on her birthday.

Mr. and Mrs. F. Giberson and Mr. and Mrs. G. S. Phillips went fishing to Carlsland on Sunday—no fish!

## ARDENODE

—By Mrs. H. S.—

We are sorry to hear of Mr. A. G. Gibbins having to go to hospital for an operation, but we all hope for a very speedy recovery for him.

Mrs. R. Robson of Victoria B.C. was a guest of Mrs. H. Sharmans, for several days last week.

Miss Joan Brook of Calgary spent the holiday at her home here.

Mr. and Mrs. L. M. Wise and family also their guests, Mr. and Mrs. Horace Wise of U.S.A., spent Sunday down at the river, enjoying some good fishing.

Mr. and Mrs. G. Meluchak of Swilwell are conveying congratulations on the birth of a baby daughter, Edith Sandra, June 19.

Frank McBurnett, who hurls ball with the potent Dairy Industry Supply squad, performed as substitute quarterback with the West End Toronto football team last year.

## STANDARD NOTES

By Mrs. R. G.

Miss Doris Fletcher, who left at the weekend to take a position in London, Ontario, was guest of honor at many teas and parties during the past week.

Miss Ellen Dodds, primary teacher here for the past three terms, was honored at a very lovely community shower, which was held at the K.P. hall Saturday, June 28. Mistress of ceremonies for the afternoon was Mrs. Margaret Larsen and Mrs. Ivy Fraser gave the toast to the bride. The program was in charge of the very young set and was thoroughly enjoyed. Then after a very delicious lunch the gifts were unwrapped and passed around. Miss Dodds graciously thanked the committee for the lovely shower and all her friends for the beautiful gifts.

The Sunday School picnic was held last Sunday at the W.L.D. headquarters at Strathmore. Everyone was just enjoying the afternoon when a rain storm came along, which sent all to cover and finally all had to go home.

Miss Ethel Bording and Miss Grace Husman left Sunday to work near Banff.

## LANGDON NOTES

—By G. E. W.—

## CONGRATULATIONS

The members of the W.I. were a tired, but a happy group, when they arrived home on Thursday evening after spending the day in Strathmore where they attended the District Conference. They had a reason to be happy for they were winners of the T. Eaton Silver Cup for the best display of handicraft with total points of 460.

The Silver Cup for the outstanding piece of work was won by Mrs. Way of Berre Vale.

A full report of this conference will be found in the Strathmore and Calgary papers.

Mrs. Joan Tregillus, L.R.S.M., held her annual recital on Friday, June 27, in the Wesley United Church Calgary, when a full program of Piano and Vocal selections which were very much enjoyed by those who had the opportunity of attending. Among the pupils from Langdon, who are students of Mrs. Tregillus, are Donna, Bobby and Audrey Kernaghan, who are the children of Mr. and Mrs. Dave Kernaghan of Langdon. Donna having received her certificate in music.

Mariann Watson was the guest of the Kernaghans for the evening.

Mrs. C. V. Scott is spending the weekend in Banff.

Mr. and Mrs. A. M. Watson and family are leaving Sunday for Sylvan Lake where they will spend two weeks vacation.

Don Pettie, classy Calgary track star is back from Drake University and has had a couple of turns on the mound for Clark's Cardinals. Pettie spent last year at the American College where he won an athletic scholarship.

Pettie used to chuck a pretty fair ball and he should be a big asset to Cards if he has any of his old stuff left.

## TECHNOCRACY

"Science applied to the conduct of human affairs." Encyclopedia Americana states: "Technocracy is the only program of social and economic reconstruction that is in complete intellectual and technical accord with the age in which we live."

Technocracy advocates the distribution of goods and services to the citizens of the North American Continent by the same Technological and Scientific methods whereby they are produced. Technocracy, through its staff of engineers and technicians, has designed a complete blueprint for an abundance of goods and services to every citizen on the North American Continent. THIS BLUEPRINT IS WORKABLE, but it cannot be put into operation by TECHNOCRACY. Only those people who will be affected by social change on the North American Continent can decide what that change will be. Investigate Technocracy now and get the facts. Do not miss the Public Lecture on TECHNOCRACY'S PROGRAM being held in the Strathmore Memorial Hall, Tuesday, July 15, at 8:45 p.m. (D.A.T.).

—Advt.

(Continued from Page One)

## W. I. Convention

reports. Miss R. Jones of the Canadian Institute for the Blind gave a talk on the work done and showed exhibits of Basket and Leather Work and Weaving done by the Blind. She quoted The highest compliment to be paid a blind person, is to forget that he is blind.

There were no resolutions.

Miss McIntyre then gave us the Handicraft results and told us how

they attained the results.

The T. Eaton's Cup was won by Langdon W.I. with 460 points; Nightingale had 216 points; Berry Vale 122 and Cluny 84. The Hudson's Bay Cup for the most outstanding piece of work was won by Mrs. C. Way of Berry Vale W.I.

Mrs. E. B. Holt expressed thanks to all taking part in making the Conference a success.

The Berry Vale W.I. will be hostess at the Conference next year. The Conference will be held in Strathmore.

## Hussar Masons Celebrate 25th Anniversary

On Wednesday, at an early dinner, Mr. and Mrs. Harry Chamney, of Chancellor, entertained the following, before the meeting of the Hussar Lodge No. 130, A.F. and A.M.

Messrs. A. D. Cummings, M.W.G.M.; Wm. Ireland, P.G.M.; Norman Bragg, D.D.G.M.; H.B. Macdonald, S.G.W.; F. Truesdale, P.D.D.G.M.; C. F. Mallet, P.D.D.G.M.; C. S. B. Laith, P.G.P.; Leltoy W. Bond, J.G.W.; W. A. Craig, I.G.G.; G. O. Phillips, P.D.D.G.M.; Percy Hallam, P.D.D.G.M.; L. F. Snyder, P.D.D.G.M.; David Patterson, P.J.G.W.; O. C. Smith, P.J.G.D.; Frank R. Reeves P.M.; H. A. Treend, P.M.; C. T. Armstrong, P. M.; H. B. Muir, P.M.; P. D. Knowlton, P.M.; E. J. Bell, P.M.; Harry Chamney, W. M. of Hussar Lodge No. 130, A.F. and A. M. Mrs. Chamney was the usual charming hostess, and served a most delicious repast, which was thoroughly enjoyed by those present. Then they left for Hussar and the installation meeting of the Lodge.

The installing officer was Mr. A. D. Cummings, M.W.G.M.; assisted by Grand Lodge Officers, David Patterson, P.J.G.W.; H. B. Macdonald, S.G.W. Wm. Ireland, P.G.M. C. S. Laith, P.G. Norman Bragg, D.D.G.M.

The officers installed were:

Messrs. Phil Rogers, W.M.; Harry Chamney, P.W.M.; John D. Moffat, S. W.; W. R. Treend J.W.; E. J. Bell, Treasurer; Wm. Jackson, Secretary; R. B. Synder, Chaplain; Karl Knudsen, S.D.; Jack Armstrong J.D.; G. C. Phillips, Register; L. F. Snyder D. of C.; W. J. Treacy, S.S.; R. N. Treend J. S.; H. A. Treend, Tyler.

In addition to the installation of the Officers, this was the 25th anniversary of the Hussar Lodge No. 130, A.F. and A.M. and a special celebration was held. Members of Rockyford, Standard, Gleichen, Bassano and Drumheller Lodges A.F. and A.M. were invited to bring their wives and families to the Community Hall, where there was a picture show, "Wonders of the Deep," and "Tom Sawyer," and later dancing with an orchestra from Drumheller. At midnight, there was a banquet, with the members of the Hussar Chapter No. 92, O.E.S. serving with Mrs. H. A. Treend, W.M. in charge, assisted by Mrs. C. T. Armstrong, A. M. and many others. The tables were beautifully decorated with flowers from the garden of E. J. Bell. Just before the banquet, they had the orchestra play "Happy Birthday" while the sumptuous birthday cake, made and decorated most artistically

Some years ago, seed drill surveys were conducted in several counties of Ontario and other parts of Canada. Samples of seeds were taken from the drills actually in operation, or from by Mrs. H. Chamney, was displayed. The tables for ninety were filled twice, and almost a third time. The birthday cake, which Mrs. Chamney cut for all the guests, proved even more delicious than anticipated; it looked grand and was even grander. Deep thanks were extended to her for making the cake, and to the Star members for serving the banquet. Dancing was resumed after the lunch, and was greatly enjoyed till the wee small hours.

## Modern Weed Killers Won't Do Away With Seed Cleaning Plants

Considerable interest is evident these days in chemical weed killers of one kind and another; so much so, indeed, that some people believe that the difficulties of weed control will be solved. In a short time, said W. H. Wright, chief, Seed Laboratory Services, Dominion Department of Agriculture, in a recent address on "Seed Cleaning Plant Services." Though many difficulties will be overcome by the use of weed killers, he said there will still be plenty of weeds to invade crops and weed seeds enough to keep cleaning plants active. Most of the new weed killers have to be used with caution, as many of them are injurious to some crop plants, and if they are not properly used they may do damage to the even less susceptible crops.

Some years ago, seed drill surveys were conducted in several counties of Ontario and other parts of Canada. Samples of seeds were taken from the drills actually in operation, or from

by Mrs. H. Chamney, was displayed. The tables for ninety were filled twice, and almost a third time. The birthday cake, which Mrs. Chamney cut for all the guests, proved even more delicious than anticipated; it looked grand and was even grander. Deep thanks were extended to her for making the cake, and to the Star members for serving the banquet. Dancing was resumed after the lunch, and was greatly enjoyed till the wee small hours.

The weather man was kind: the rain did not amount to anything east of Standard, so there was a good turnout for the occasion.

## HUSSAR NOTES

On Friday, the 26th there was a very enjoyable dance in the community hall, put on by the hall committee. The Ladies Aid served the lunch, and as the materials and food were donated, they made about \$30.00. Mrs. E. F. Blake convened the committee.

The school picnic was a great success on Sunday, the 21st, at Crowfoot. Most every one from Hussar, with children, took them, and the weather man was kind, and the day was perfect for picnicking. The sports were entered into with vim, and even the married ladies enjoyed the races. It is the first time in three years that the school has been able to hold its picnic at the river, because of adverse weather; so this picnic was especially enjoyed.

The rains have been rather on the light side in Hussar, but much heavier north. In the Wintering Hills region.

It was sputtery all day Wednesday, but did not spoil the roads so but that a good crowd of Masons and their families were able to get in for the evening.

There are to be two families for newly weds on Saturday night: Mr. and Mrs. Armond Rougeau, and Mr. and Mrs. Sivert Dundas; in the community hall.

lots of seed which farmers had prepared for seeding, or which remained over from seeding. Examination of these samples showed that 40 per cent of the seed sown would have been classed as "rejected" under the regulations of the Seed Act, and a large number would have passed muster only by being graded as No. 2 or No. 3 seed. Many farmers consider that No. 3 seed is not really fit for seed. Doubtless the seed drill surveys helped to bring about the establishment of many seed cleaning plants. It would be interesting, said Mr. Wright, to carry out other such surveys to find out how much conditions have improved.

The manager of a seed cleaning plant can perform a service to farmers in giving advice about the wisdom of using certain lots for seeding purposes. Seed which could not be sold in the open market too often finds its way into the ground. When a plant operator knows that any lot of seed contains too many weed seeds after having been cleaned, he should use all his powers of persuasion to prevent it being used for seeding. By so doing, he would render real service to the individual farmer and to the community in general. Another service the operator can give is to discourage farmers from taking home certain kinds of seed. Screenings from the small seeds are practically of no feeding value and can be of no use to the farmer, and are better destroyed.

## NAMAKA NOTES

Mr. and Mrs. Sangster and Billy of Lethbridge spent Sunday with Mr. and Mrs. J. Kermack.

Mr. and Mrs. K. C. Watts of Calgary and Remben Watts of Edmonton spent the weekend with Mrs. M. A. Watts.

Mr. and Mrs. H. Stettner and family left on Monday for their summer vacation.

Mr. and Mrs. Allan Phillips and family and Mr. and Mrs. J. Mackie of Arrowood and Mr. and Mrs. H. Schumann and Lora were Sunday dinner guests at the C. Mackie home.

Mr. and Mrs. Jack Maclean and Katherine of New Dayton spent the long weekend with Mr. and Mrs. H. E. Johnson.

Mrs. Wm. Fawkes spent a week visiting with friends in Calgary.

Mr. and Mrs. H. E. Thomson have as their guests from Lounstoun Idaho, Mr. and Mrs. Wendel Petersen and Phillip, Mr. and Mrs. Petersen and grandson.

The annual school picnic was held at Beaver Dam on Sunday, June 29. The first part of the day was cold and cloudy but later it turned out to be an ideal day. The children enjoyed the various games and were thrilled with all the treats. The older folks ended the picnic by an interesting game of soft ball.

## Local News Items

Miss Mary Van Verdegen has left for Calgary where she will spend a couple of weeks holidays, before reporting for work in Strathmore again.

Miss Helen Way of the Royal Bank staff will leave this weekend on holidays for a couple of weeks.

Mr. and Mrs. Nels Hansen took the train east from Calgary on Thursday night, en route to New York for their flight to Denmark.

Keith Baldwin is busy fixing up a new launch, the Doreen, for this summer's fishing. He has been building a cabin on Chestermere Lake during the past few weeks, and he and his family will holiday there.

Miss Esther Boiesvain is spending a week at home, following a week's holidays at Sylvan Lake.

Mrs. Saunders and Dolly have taken over the King Edward Grill following the Hansens' leaving for Denmark.

Dr. Murphy, of Edmonton, arrived in town on Monday, to get an introduction to Dr. Giffen's office and practice. Dr. Murphy, who graduated in Ireland a few years ago, and spent some time in the Medical Corps in the armed forces, will carry on the practise for the month of July, during which time Dr. Giffen is taking a much needed holiday. He left on Wednesday.

It has been announced that the Greyhound bus will be off run until the No. 1 highway is in better shape for travelling. This move was announced as a result of the necessity of being hauled out daily in the vicinity of Duchess. There is, apparently, no substance to the report that it was for a two week's period. It all depends on the roads.

Mrs. Folk had as guests Sunday, June 22, Mr. and Mrs. Phillips of Calgary and Dr. Phillips of Philadelphia.

Mrs. Kennedy is attending the wedding of a friend in Edmonton on which occasion she is playing the wedding music.

Mr. and Mrs. Doug Hirdle entertained a few friends recently in honor of Mr. and Mrs. Ted May, who are now residing in Calgary. A jolly social evening with music and choice refreshments passed the hours quickly.

C.S.M. Ernest Wright arrived Wednesday from Kingston on a month's furlough, to enjoy a visit with his mother and sisters.

Mr. and Mrs. Max Walls and Grant are spending the weekend with Strathmore friends.

Mr. and Mrs. M. S. Hirtle came from Calgary to take in the sports arranged for Dominion Day Celebration.

## COMING EVENTS

Regular Clinics for infant and Pre-School Children are held by the Wheatland Health District from 2:00 to 4:00 p.m.

Strathmore the second and fourth Tuesday in each month. Carols are the second Friday in each month. Standard the third Thursday in each month. Hockey for the third Friday in each month.

Meetings of the Handicraft Group will not be held during July and August. Notice of opening date in September will be announced in due time.

Miss Gertrude Chamberlain and a lady friend are visiting with her sister, Mrs. Lee Campbell.

Mr. and Mrs. Fonger had as guests over the weekend, the latter's sister Mrs. Robinson, and her brother and wife, Mr. and Mrs. Fonger, and daughter, Dorothy, from Manitoba. They will spend a day or two at the Stampede before returning to their homes.

Mr. W. A. Layercraft arrived home from Spinning Hills, Sask. on Monday of this week, following a week's visit with his sister.

Mr. Geo. Koch is quite ill at his home with pneumonia. Mrs. Stickney is in charge.

Miss Grace Tench will spend July and August at the I.O.D.E. Camp where she has been appointed supervisor of children's work. We congratulate Grace on this interesting post.

At the Sunday evening service in United Church Mr. McMurray presented books to each pupil who had a perfect attendance record in the Sunday School.

Mrs. Millar of Vauxhall is visiting her daughter, Mrs. Givvin Layercraft, for a short while.

Art Anderson, of Sebe, was in town a couple of days earlier this week, visiting old friends, on the last of his holidays.

Miss Helen Way is on holidays from the Royal Bank.

Mr. and Mrs. Clarence Lyons spent the holiday with Mrs. Lyons in Strathmore, leaving for home Wednesday evening.

Mr. and Mrs. Jack Carrol of Whittier, California, have been visiting Mrs. Stickney in Strathmore. They have gone to Hann to visit a sister of Mrs. Carrol, later returning and with Mrs. Stickney will spend the Stampede Week in Calgary.

They have leased a house in Elbow Park and with other friends will enjoy a happy week together.

Mrs. Carrol was formerly Miss Hilda Ralls, who was employed as stenographer by the C.P.R. in Strathmore about 28 years ago.

Mrs. Bill Sorenson and three children, son of Berkeley, California, and a friend Miss Simpson of Oakland, California, motored to Strathmore, arriving Friday last and will be guests at the Sorenson home for some time.

Mr. Bill Sorenson will fly from Vancouver to Calgary arriving about July 4.

Mr. and Mrs. Frank Bates are receiving congratulations from their friends on the arrival of a son in the Holy Cross Hospital, June 29.

Mr. Stan Korek has resumed his Hall Insurance, and has been working in the Lethbridge area.

Mr. Smallwood, new Supervisor of the swimming pool, has arrived in town and is staying at Mrs. Stanley Korek's home.

The weather man was at his best for the Sunday School Picnic of the United Church which was held Monday at Wyndham Park. Baseball and other games were enjoyed by several with the usual picnic lunch that always tastes so good in the out-of-doors.

Capt. Jack Crellin with fourteen Cadets left Thursday for Camp at Sarcee.

Misses Shirley Lawrence and Thelma Patton of Niagara Saskatchewan, will arrive Sunday to be the guests of Miss Edith Baldwin during Stampede Week and some time after.

Mrs. Baldwin is expecting her sister Mrs. Backlund of White Fox, Saskatchewan, for an extended visit.
